ABOUT ME

An enthusiastic recent Bio-engineering graduate, looking for challenging job opportunity to apply my acquired knowledge and further expand my skills. My passion for nature and mathematics brought me to Ghent University where I recently obtained my master's degree as a Cell & Gene Bio-engineer. With this degree, I want to have a positive impact on the numerous challenges we face today.

EDUCATION

Universiteit Gent Bachelor Bio-engineer

September 2017 - June 2020

- Major in Cell and Gene biotechnology

Universiteit Gent Master Bio-engineer

September 2020 - June 2022
